WORD OF CAUTION - GENEVA CONVENTION!

During last engagement we have friendlies reported destroying a TIGR vehicle.

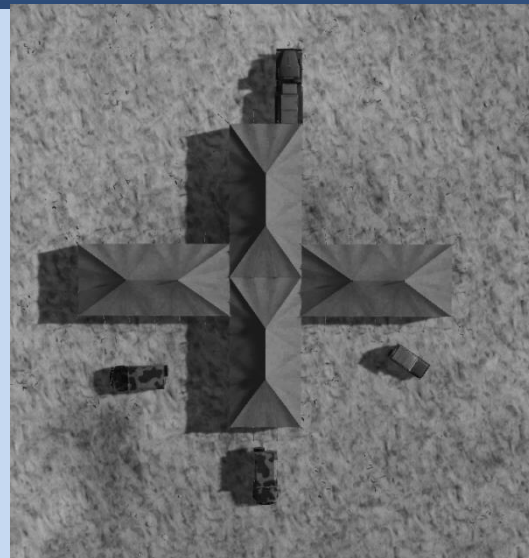

The TIGR vehicle is a wheeled vehicle similar to the one shown in picture to the right.

The Syrian Army is using this vehicle as a field **AMBULANCE**.

DO NOT UNDER ANY CIRCUMSTANCES FIRE UPON THIS TYPE OF VEHICLE as it is protected by the Geneva Convention.

Similarly the tent structure shown to the right, consisting of 4x tent are used by the Syrian Army as **FIELD HOSPITAL**.

DO NOT UNDER ANY CIRCUMSTANCES FIRE UPON THIS TYPE OF TENT layout as it is protected by the Geneva Convention.

MAJOR EVENTS LAST PERIOD

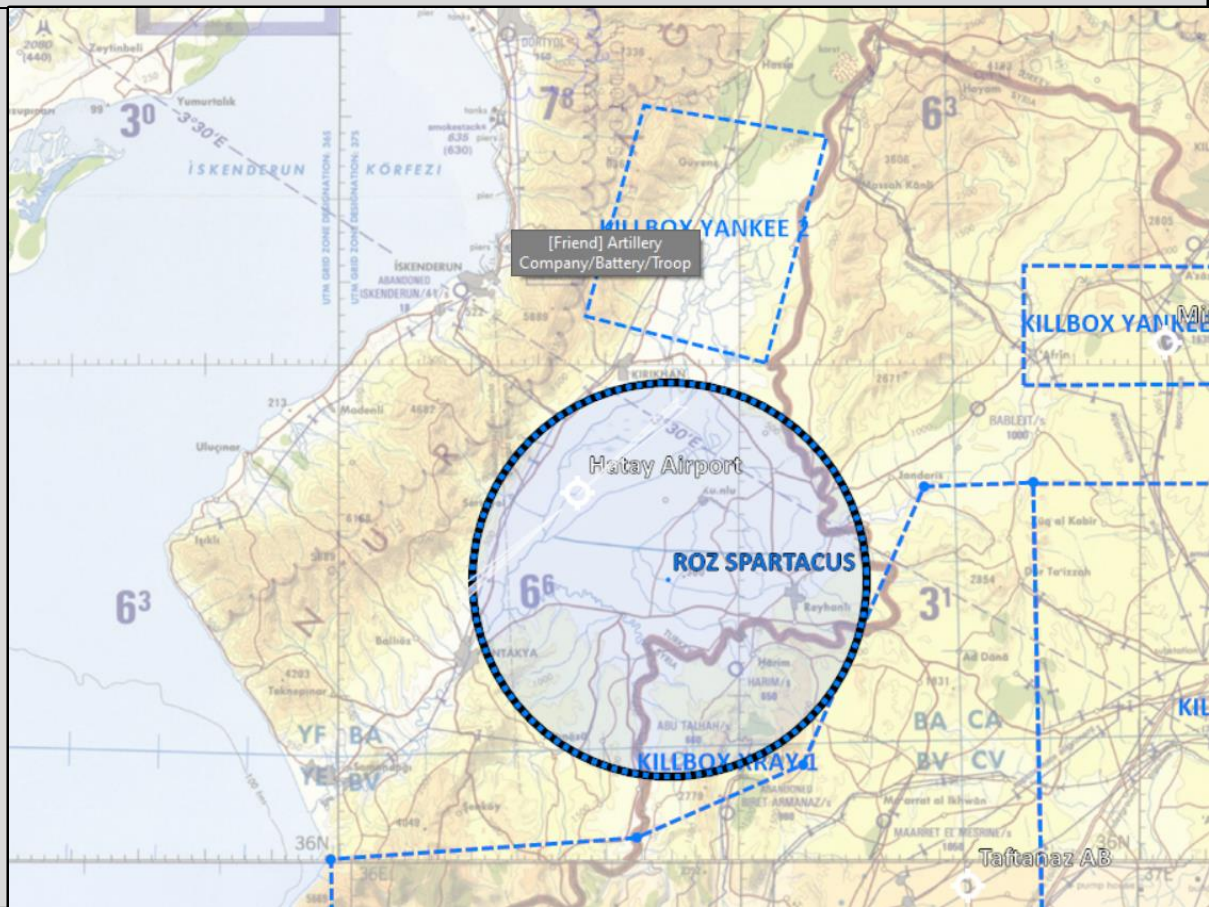

Syrian 1st Corps:

TURKISH-SYRIAN BORDER RESTORED

With the recent push allied forces have re-established the Turkish border to Syria. All remaining Syrian forces have returned to Syria.

Friendly A/C supporting JTAC WARRIOR in ROZ SPARTACUS engaged elements 11th Mechanized Division causing significant losses to ENY units.

Just north of ROZ SPARTACUS friendly A/C on AR in KB YANKEE 2 struck elements of 10th Armor Division, paving the way for friendly ground forces to follow up, decimating remaining 1st Corps.

VIS GROUND RECOMMENDATIONS

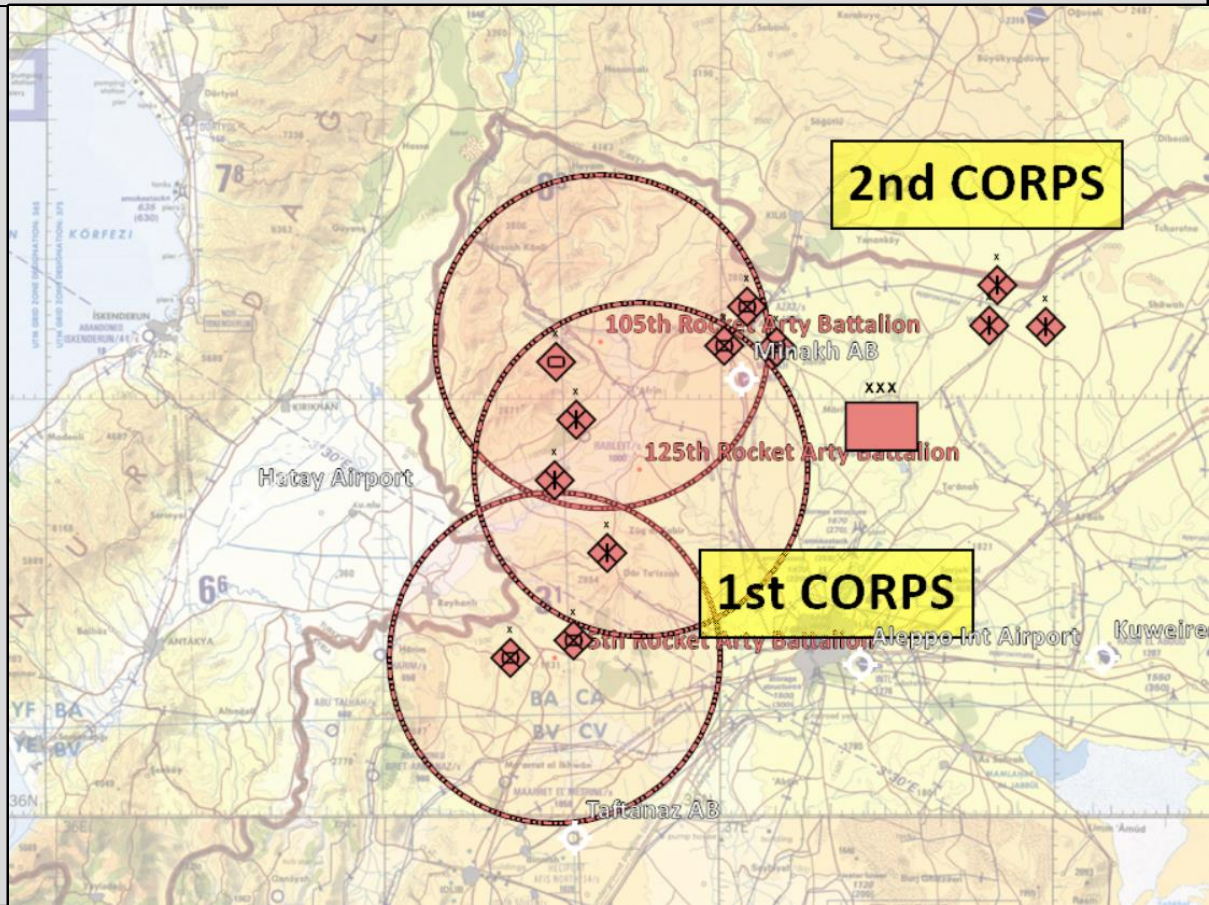

Northern front:

VIS recommends AR missions into Syrian to establish the location of remaining artillery units;

Search lareas:

1. Large open areas from which MLRS can fire from connected to a road.
2. They will likely be camouflaged until firing, preparing to fire, or in alert
3. MLRS/ARTY need a logistic hub indicated by several logistical vehicles grouped for re-supplying MLRS/ARTY's.

Finding these logistics hub is vital to locating the MLRS/ARTY unit.

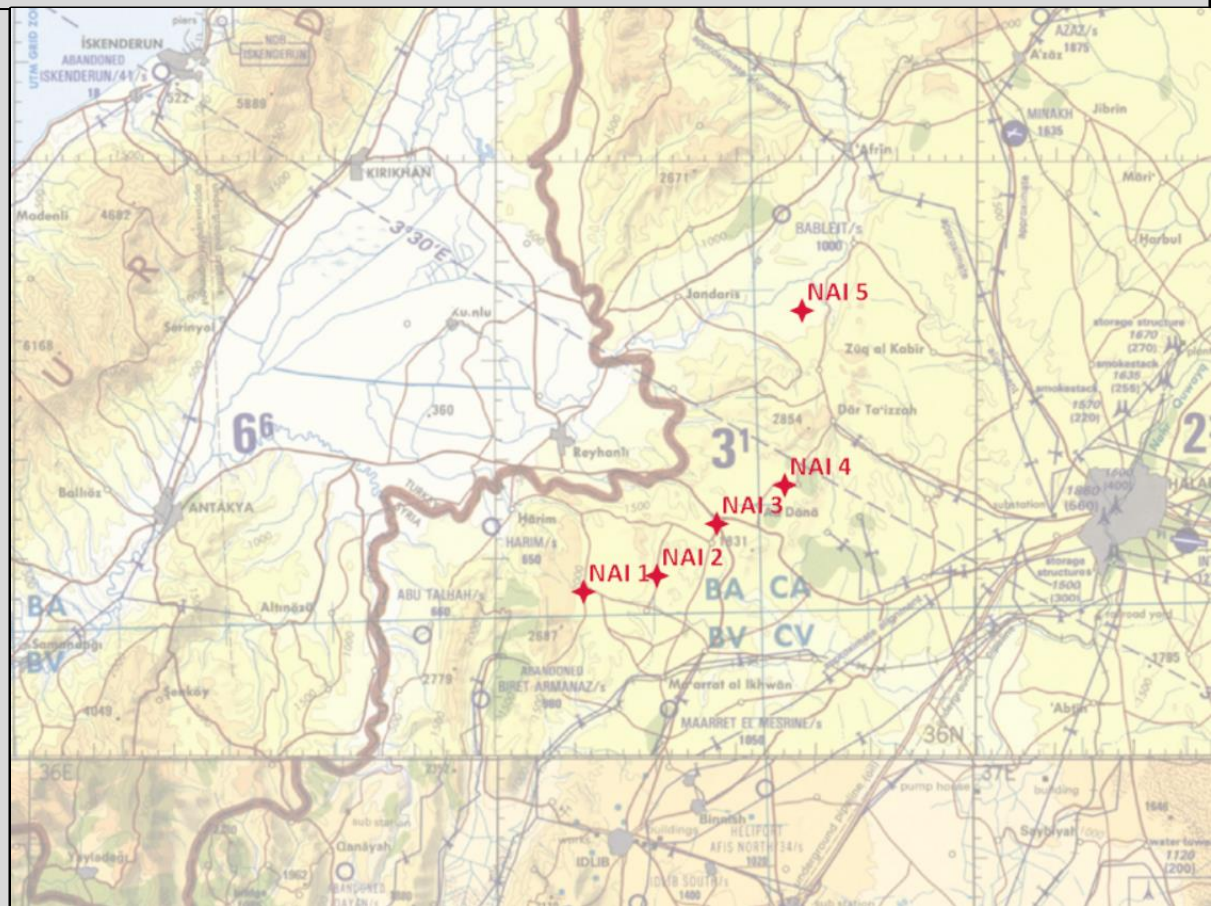

VIS GROUND RECOMMENDATIONS

Northern front:

VIS have identified 5 Named Area of Interest (NAI);

NAI 1	N36° 08.300 E036° 35.500
NAI 2	N36° 09.100 E036° 40.100
NAI 3	N36° 11.700 E036° 43.900
NAI 4	N36° 13.700 E036° 48.100
NAI 5	N36° 22.500 E036° 49.200

All a located near flat open areas, roads and small forrests which can be used for consealment

BDA LAST PERIOD

Syrian 1st Corps:

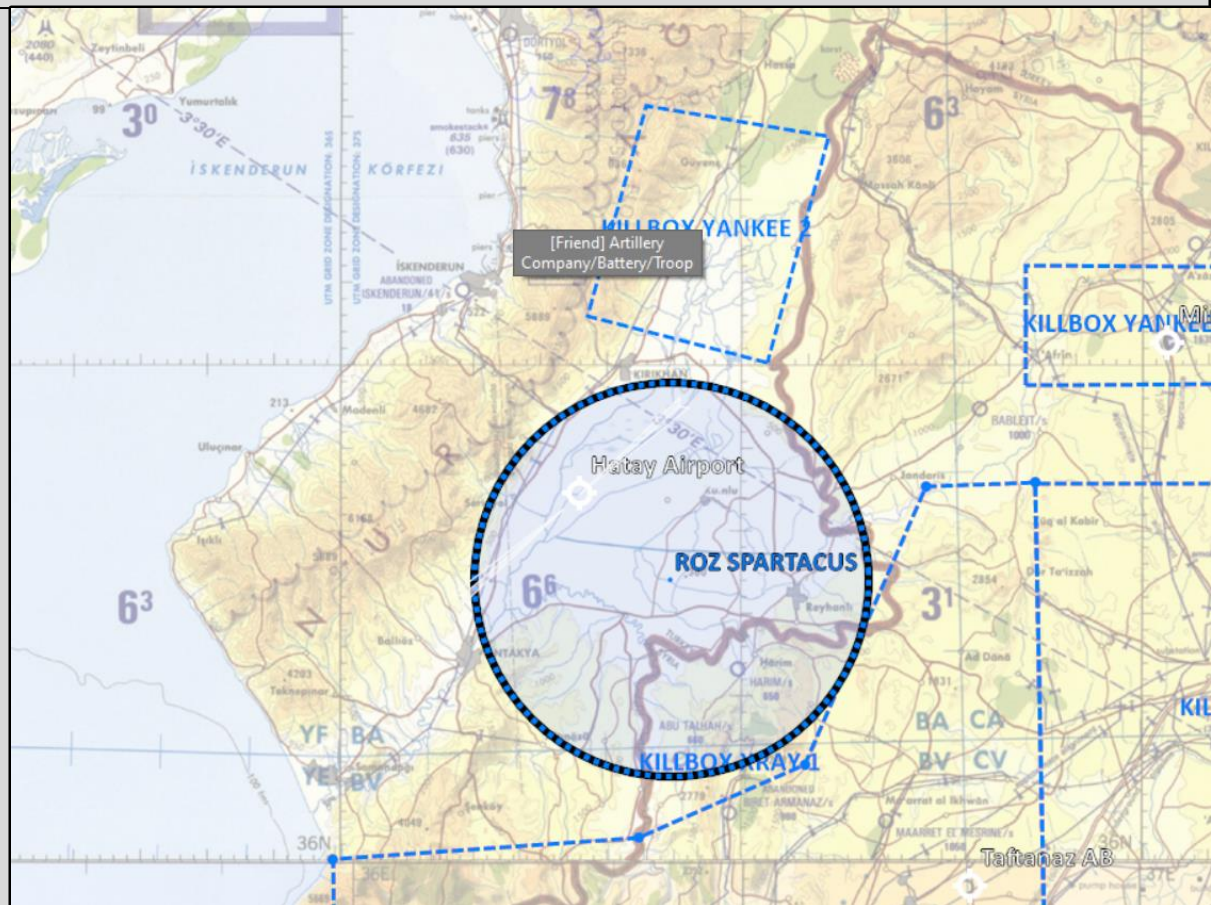

BDA:

Hatay Valley – ROZ SPARTACUS

WARRIOR supported by AXE and CLAW reported destroying 28xIFV

KILLBOX YANKEE 2

COBRA and MISTY engaged and neutralised 16xMBT, 5xARTY & 2xSA-19

SUMMARY OF ENEMY SITUATION (facts)

All 1st Corps units have retreated back to Syria.

The remaining 10th Armor Division, now battalion strength, might link up with elements of 2nd Corps in the Minakh AB area but so far is just speculation.

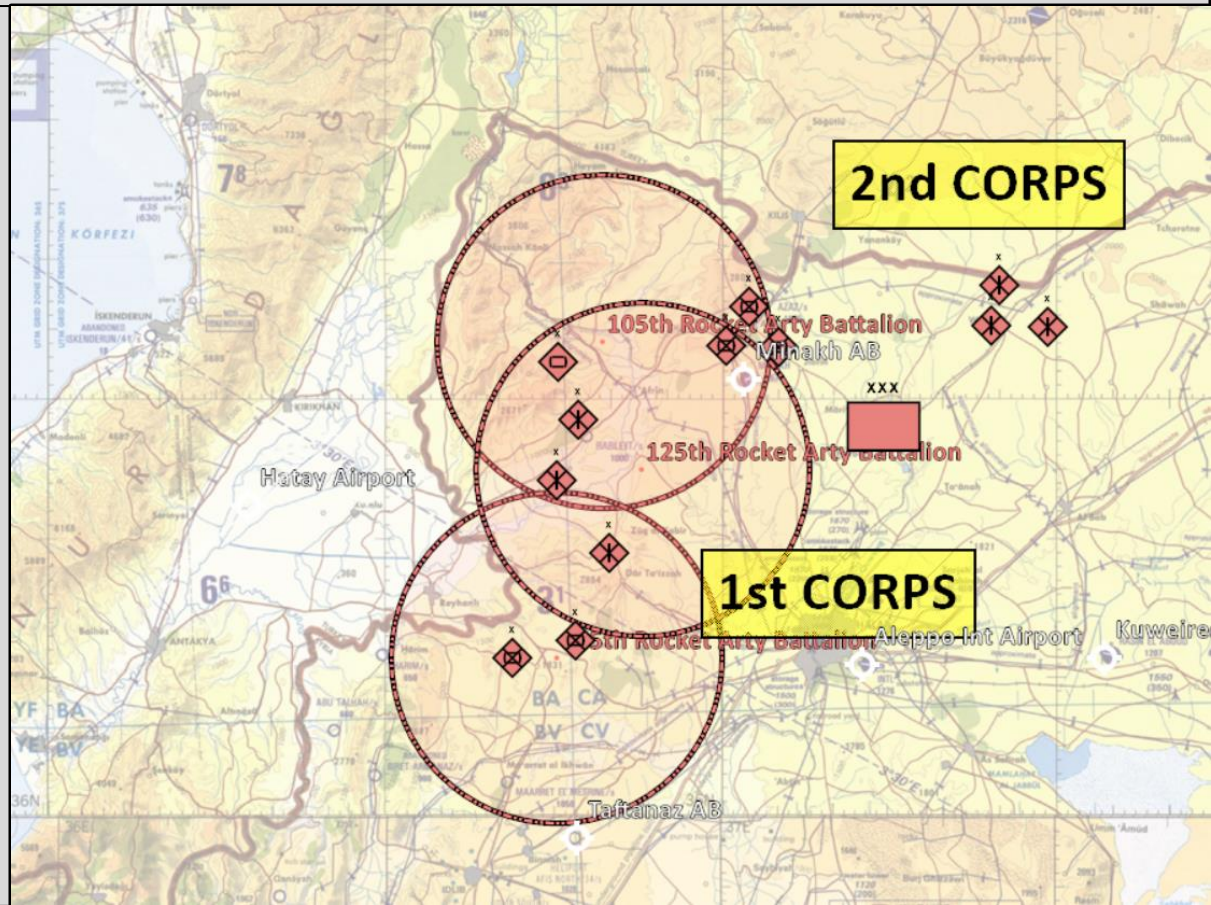

While 11th Mechanized Division is down to Brigade strength they still pose a significant threat.

12th Motorized Division is still unaccounted for but is believe to be covering the retreat of 10th and 11th.

The vast majority of 1st Corps rocket artillery is still available and is believed to be adjusted to pre-planned fire mission directed at friendly forces.

BM-21 GRAD presumed location have been plotted on the map, while URAGAN and SMERCH launchers are located further away from the Turkish/Syrian border.

105th & 115th rocket artillery battalions do not have support from SA-15's, however 125th does and should be approached accordingly

SUMMARY OF ENEMY SITUATION (facts)

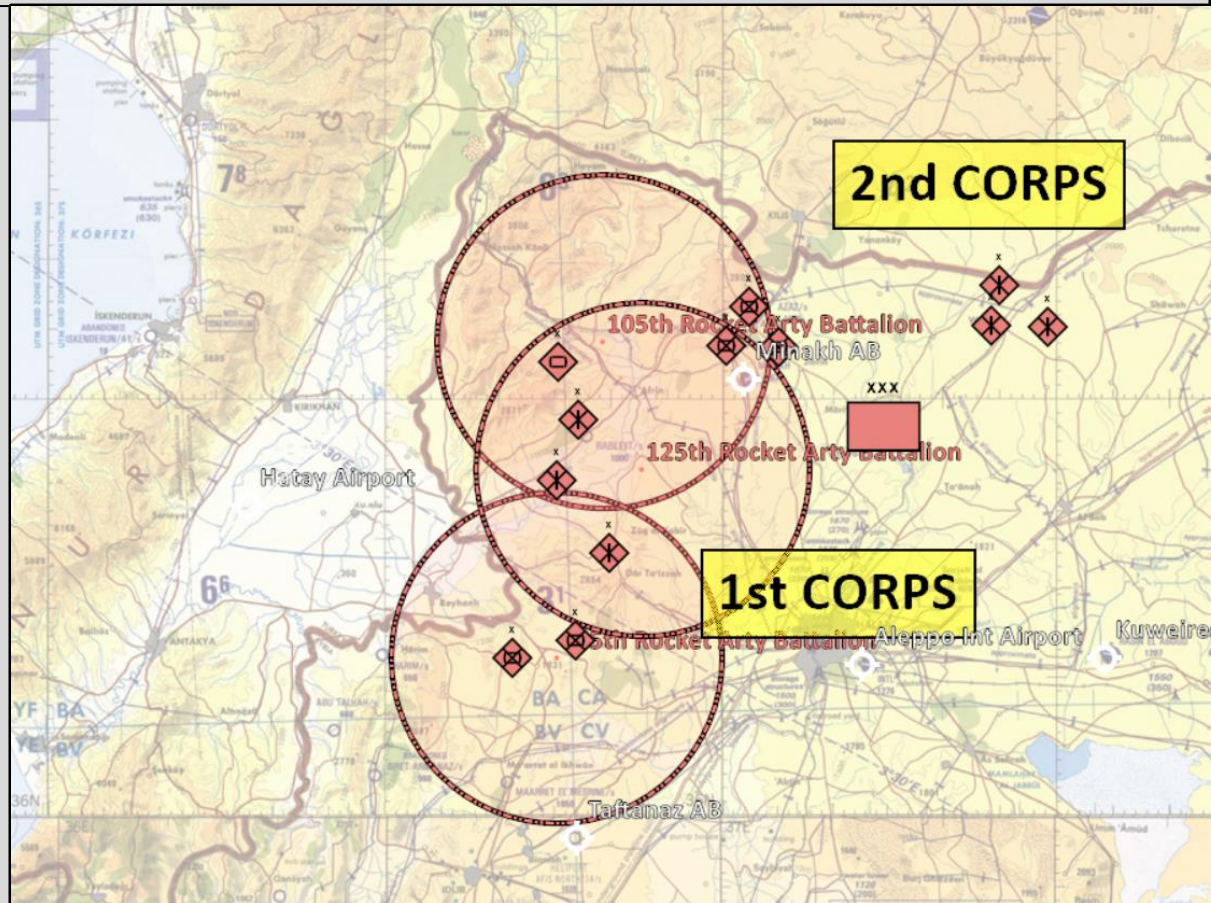

ENY units of 1st Corps is anticipated to dig in hard protecting their home country.

We can expect heavy bombardment from rocket artillery once stepping into Syria. It is vital that allied air forces neutralises these rocket artillery units as they can inflict heavy casualties on allied ground forces

NOTE!

2nd Corps doesn't not have full strength compared to a standard Corps as it lacks the following;

- Armor Division
- Air Defence Division
- Rocket Artillery Regiment

SUMMARY OF ENEMY SITUATION (facts)

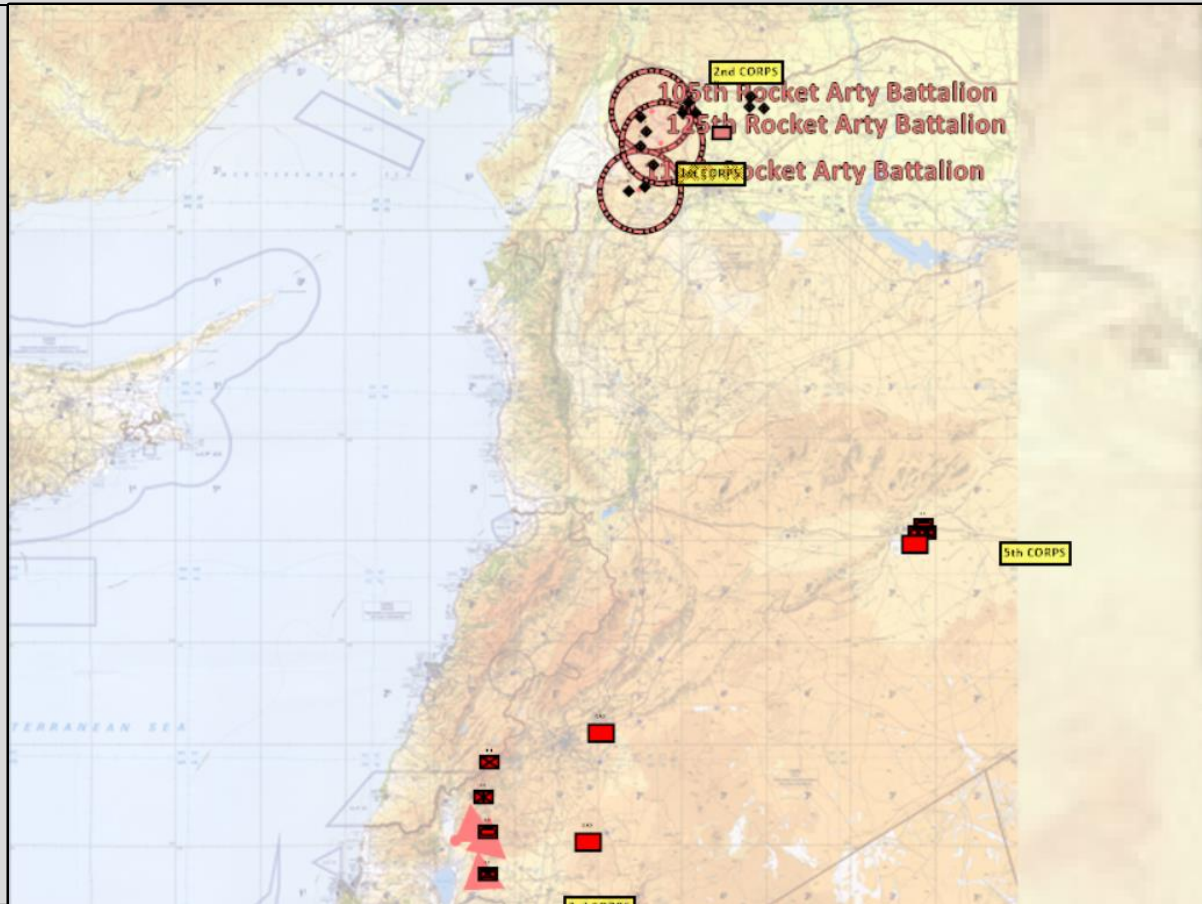

1st Corps have withdrawn from Tyrkey.

Lead elements of 2nd Corps have just been found in vicinity Minakh AB.

3rd Corps is holding strong in GOLAN Heights region and currently VIS does not hold any new intellegence of this area.

4th Corps is still believed to protecting Damaskus.

5th Corps is still believed stationary however is expected to be able to move within days if needed.

ASSESSMENT OF ENEMY SITUATION (Short term)

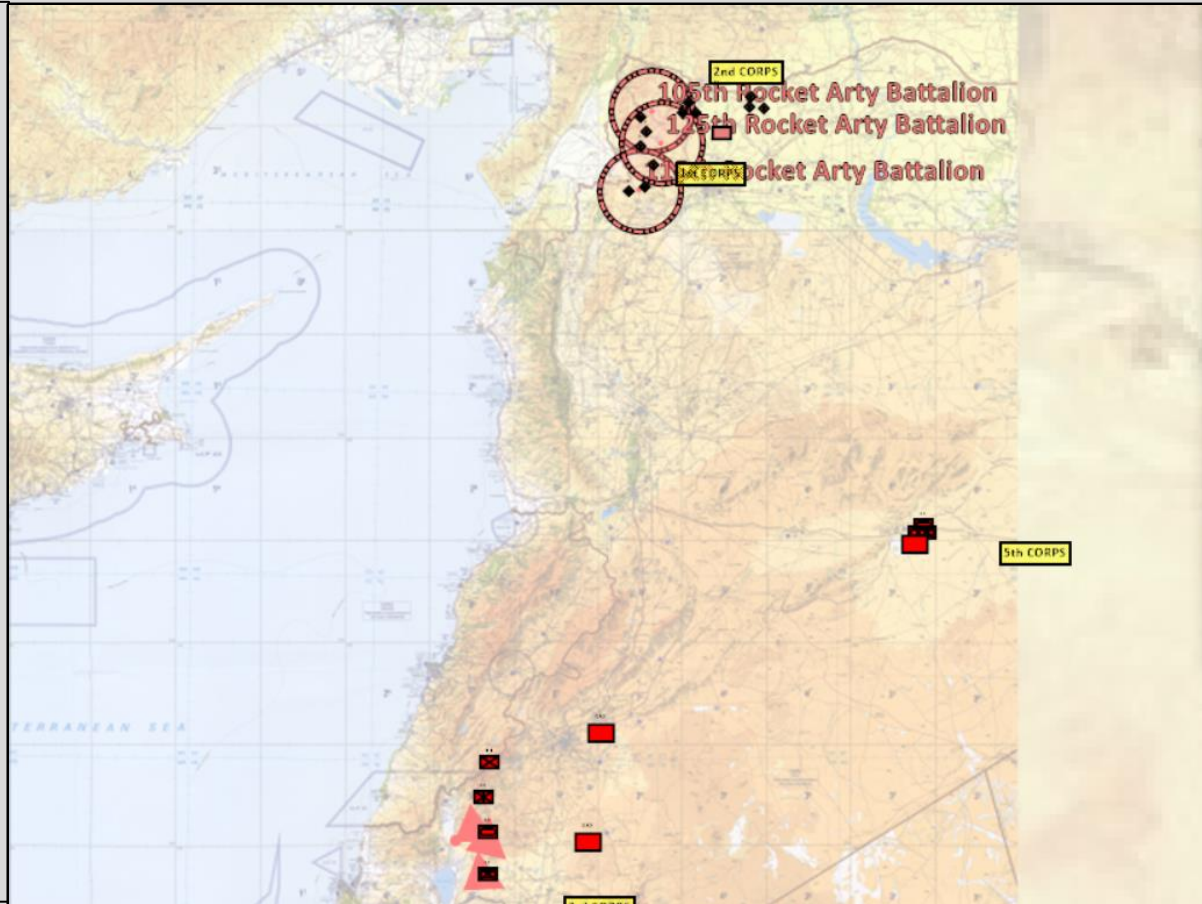

Remaining units of 10th Armored Division are heavily disoriented and have suffered so heavy casualties they cannot operate independent anymore. VIS anticipate they link up with either 11th Mechanized Division

2nd Corps is anticipated to hold it's ground now being ready to support 1st Corps elements.

3rd Corps will remain in a current hold waiting for the inevitable attack from Israel and it's allied.

4th Corps have shown no indication of movement so far and is anticipated to stay and protect Damaskus

5th Corps will continue preparing to move if needed.

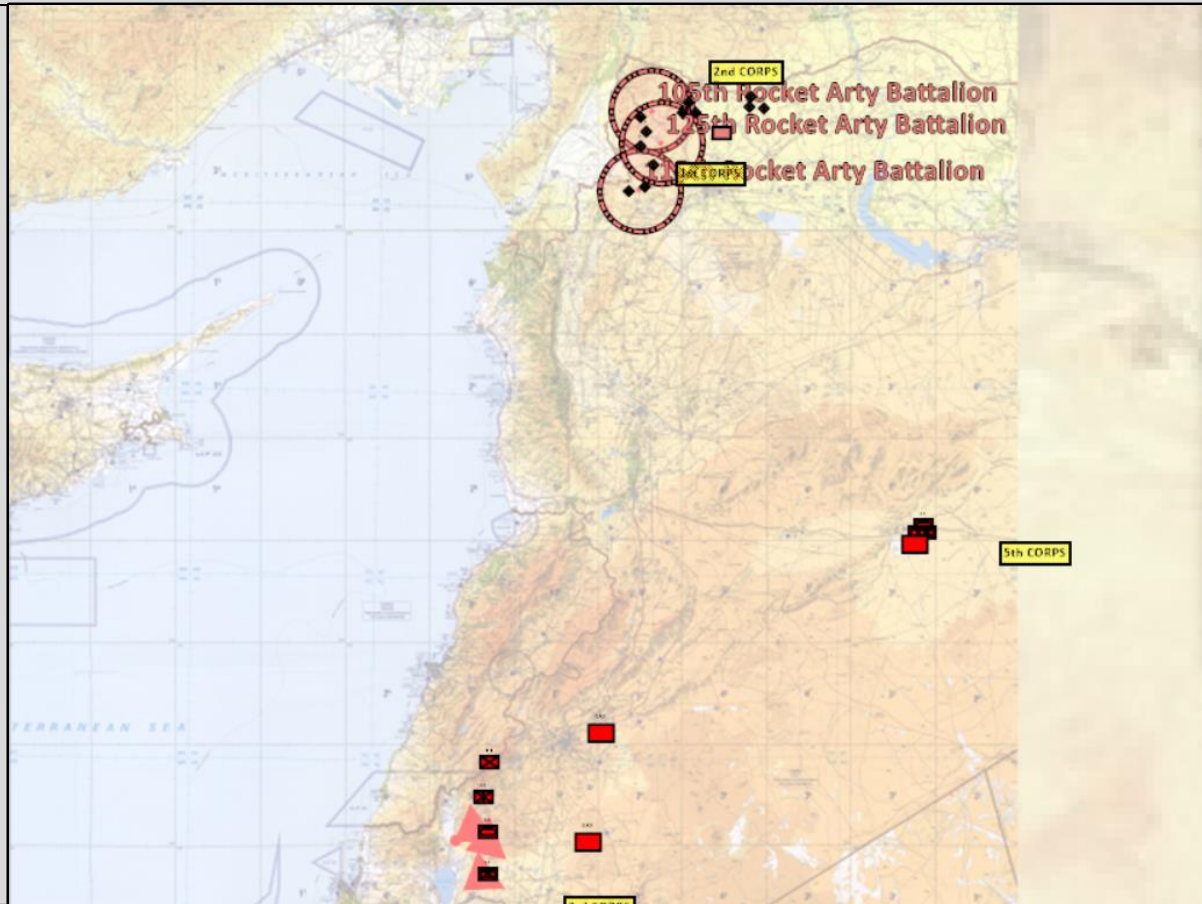

ASSESSMENT OF ENEMY SITUATION (long term)

Syrian long term goal to establish foot hold in Turkey has now vanished until they can get significant reinforcements. They only options for this is for 4th or 5th Corps to come to their aid, however currently VIS does not see this as alikely scenario.

Syria will likely try and stall any allied advances.

INTELLIGENCE GAPS

The location of rocket artillery and heavy rocket artillery battalions are of great importance to VIS as they can significantly hamper allied ground forces advances.

Are there any movement to positions of 4th Corps and 5th Corps and if so in which direction?
