Syrian 1st Corps:

Friendly A/C came into contact and engaged elements of 11th Mechanized Division in/around the city of Iskenderun as well as 10th Armor Division units in the valley

MAJOR EVENTS LAST PERIOD

Syrian 1st Corps:

Several enemy units have been reported in the valley area, Arty #3, Sa-19 #5, 2xPLT MBT #7, SA-19 #82

MAJOR EVENTS LAST PERIOD

Syrian 2nd Corps:

Several flight reported SA-15's at same locations as D+4 SA-15 BDA's.

This leads VIS to conclude that this area is most probably the location of Division HQ for 21st Mechanized and 22nd Motorized Division as each would have been protected by no less than 4 SA-15's.

It also leads VIS to anticipate that the two divisions may be closed together than initially anticipated. This is seen as an indication that 21st Mechanized and 22nd Motorized Divisions may be trying to re-inforce the eastern flanke of 10th Armor after the latter has suffered significant losses.
